CLASSIC CHICKEN MENU

COMPLETE MONOPROTEIC MENU

MEATBALLS
30g/ud

Complete, fresh and monoprotein chicken menu. It is the leanest protein source recommended for pets prone to weight gain. It is easily digestible and contains the lowest level of protein, which is ideal for pets with liver or kidney disease. Low in sodium, high in potassium and with high levels of vitamin A. It is usually the first option for the transition to BARF. Option of choice for allergies to other protein sources.

COMPOSICIÓN

Chicken meaty bone: 35%, Chicken meat: 25%, Chicken gizzards: 10%, Chicken liver: 8%, Chicken heart: 5%, Chicken fat: 4%, Apple: 4%, Carrot: 4%, Zucchini: 2%, Parsley: 1%, Broccoli: 1%, Ascophyllum nodosum (seaweed) and olive oil: 1%.

VALOR NUTRICIONAL

Moisture 61.38%, proteins 14.2%, fat 10%, total ash 6.70%, carbohydrates 3.22%, crude fiber 0.5%, nutritional value 743KJUL/100G.
